# Echo Absorber™ Acoustic Panel
Recycled Cotton Acoustic Panel

Features & Benefits:

- **Acoustic Performance at a Great Price**- Echo Absorber™ is one of the most cost effective, sound absorbing materials available. The natural cotton fibers are acoustically superior when compared to other man made fibers, such as fiberglass. The noise reduction performance of Echo Absorber™ products matches other higher priced material on the market. See acoustic data below.

- **Flammability** - Echo Absorber™ has a Class A flammability rating. This product passes most building code flammability requirements for exposed materials.

- **Keep it Green -** Echo Absorber™ is made with 80% recycled cotton and does not contain Volatile Organic Compounds (VOCs).

General Information:

Echo Absorber™ is a cost effective solution for areas that suffer from extreme levels of noise caused by echo. It offers excellent noise reduction qualities in low, middle and high frequencies. Echo Absorber™ is Class A rated and will meet the most stringent building code requirements for flammability. This product is a light weight, thermally bonded acoustical pad made from recycled cotton fibers. Echo Absorber™ also has effective thermal qualities and does not contain Volatile Organic Compounds (VOCs), fiberglass or formaldehyde. This easy-to-install product is fungi, mold/mildew resistant and available in white, gray or charcoal. Use this product when echo is an issue and budgets are tight.

Applications:

Offices • Band Practice Rooms • Call Centers • Broadcast Studios • Computer and Equipment Rooms • Gymnasiums and Auditoriums • Entertainment Facilities • Warehousing and Industrial Facilities • Machine Enclosures • Equipment Enclosures • Compressor Enclosures • Office Equipment Rooms • Manufacturing Facilities • Utility Rooms • Gun Ranges

Acoustic Data:

frequency	125	250	500	1K	2K	4K	NRC*
1 inch	.07	.30	.86	1.10	1.05	1.03	**0.85**
2 inch	.35	.94	1.32	1.22	1.06	1.03	**1.15**

* NRC = noise reduction coefficient

Product Availability:

In-Stock:
- 1 in. thick x 24 in. x 48 in. (white, gray and charcoal) – case of 6 or 14
- 2 in. thick x 24 in. x 48 in. (white, gray and charcoal) – case of 3 or 8

Standard Size Availability:
- 24 in. x 48 in.
- 48 in. x 48 in. and 48 in. x 96 in. sizes available, please contact us for details.

Available Colors:
- White
- Gray
- Charcoal
