PRODUCT DATA SHEET

Quiet Door™ Residential Door Soundproofing Kit

General Information:

Quiet Door™ Residential Door Soundproofing Kit was designed specifically for metal doors commonly used for entrances to condominiums, apartments and offices. Quiet Door™ Residential Door Soundproofing Kit is a good performing door soundproofing kit intended for metal doors commonly used in residential and commercial locations. It is a four part kit that offers good performance for metal doors. This product is best used in applications that require low to moderate soundproofing from low to moderate noise levels and where aesthetics are important. The Quiet Door™ Residential Door Soundproofing Kit will treat standard 36 in. x 86 in. steel doors. The perimeter seal and sweeps in this kit may need to be cut to ensure a proper fit.

Applications:

Band Practice Room Doors • Computer and Equipment Room Doors • Dog Kennel Doors • Home Theater Doors • Homes, Apartment and Condo Doors • Hotel and Resort Doors • Industrial Manufacturing Facilities Doors • Office and Conference Room Doors • Professional and Home Recording Studio Doors
