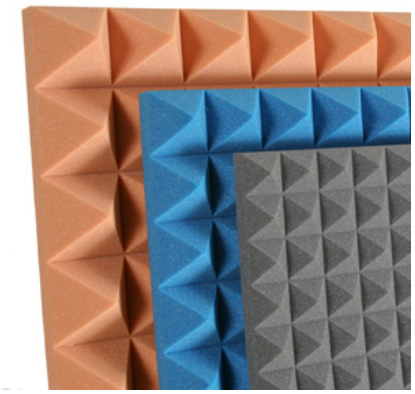
PRODUCT DATA SHEET

Soft Sound® Pyramid Studio Foam

Features & Benefits:



- **Engineered for performance** - The pyramid pattern was designed to increase surface area, ultimately increasing the acoustic performance. Soft Sound® Pyramid Studio Foams absorb sound generated at low, mid and high frequencies.
- **Quality** - Soft Sound® Pyramid Studio Foams are made with flexible, professional grade acoustic polyurethane foam. The foam keeps its color better and longer than other lower quality foams. Soft Sound® Pyramid Studio Foams are firmer than other studio foam products on the market which adds protection against rips or tears.
- **Architectural Interest** - Soft Sound® Pyramid Studio Foams are available in a variety of colors and sizes. The 3D, geometric pattern of the Soft Sound® Pyramid Studio Foams creates a visually unique environment.

General Information:

Soft Sound® Pyramid Studio Foam was originally designed to reduce reverberation within recording studio environments, however, it will improve the acoustics within any space that suffers from poor acoustics. Pyramid Studio Foam has a 3D pyramid pattern that not only looks cool, but it improves the sound absorbing performance by increasing surface area. This product is made with professional grade acoustic foam. Pyramid Studio Foam enhances the listening experience and improves recording environments.

Applications:

Auditoriums • Broadcast Studios • Computer Rooms • Equipment Enclosures • Equipment Rooms • Gymnasiums • Gun Ranges • Home Recording Studios • Home Theaters • Industrial Facilities • Professional Theaters • Professional Recording Studios • Warehousing Facilities

Acoustic Data:

frequency	125	250	500	1K	2K	4K	NRC*
2 inch	.14	.32	.72	1.01	1.05	1.08	**0.80**
3 inch	.44	.48	1.19	1.12	1.16	1.16	**1.00**
4 inch	.39	.60	1.21	1.14	1.16	1.13	**1.05**

***** NRC = noise reduction coefficient

PRODUCT DATA SHEET

Product Availability:

In-Stock:

- 2 in. thick x 24 in. x 48 in. (charcoal) - case of 8 or 18
- 3 in. thick x 24 in. x 48 in. (charcoal) - case of 6 or 12

Standard Thicknesses Availability:

- 2 in.
- 3 in.
- 4 in.
- Custom thicknesses available, please contact us for details.

Standard Size Availability: (for all 2, 3, and 4 inch thicknesses)

- 24 in. x 24 in.
- Custom sizes available, please contact us for details.

Available Colors:

charcoal

aqua

pumpkin

chocolate

Warnings and Limitations:

All Polyurethane Foams, including Combustion Modified Foams, will burn. Do not expose to any flame source. Once ignited, they can produce rapid flame spread, intense heat, dense smoke and toxic gases causing death. Warnings should be given to your employees and or customers. Test data does not necessarily reflect a foams performance under actual fire conditions. Before purchasing any foam, be sure to check with your local code officials to confirm the required flammability rating of exposed materials for your area.
